### **Use of Water Dispensers and Water Fountains:**

- Students and staff should bring their own water bottles.
- Fill stations (water dispensers) can be used to fill individual water bottlers ONLY.
- Do <u>NOT</u> use fountain or mouthpiece features of the water dispensers.

## **New School Protocols/Procedures:**

## When your child is sick at school:

If a child becomes symptomatic while at school he/she will be asked to wear a non-medical mask if they are able and isolated in the designated sick room. The parent/guardian will be notified to come and pick up the student immediately. Parents will be encouraged to access COVID-19 testing by accessing the <u>Alberta Health COVID-19 Self-Assessment Tool</u>.

All items the student touched/used while in isolation will be cleaned and disinfected as soon as the child has been picked up.

## **Alberta Daily Self Screening Tool:**

For the safety of all Holy Spirit Staff and Students, we are asking parents to perform a daily self screening of students to be aware of the signs and symptoms of COVID-19 and when to stay home.

If your child presents with any of the symptoms or answers "YES" to any of the questions in the attached screening questionnaire, do NOT enter the school at this time and proceed to the COVID-19 Self Assessment Tool to determine whether you will need to be tested for COVID-19.

## **Medical History/Allergies:**

For school staff to have a better idea of what type of medical conditions/allergies are common in your child we are encouraging all families to update the office with your child's medical history/

allergies. This information will help us determine the course of action when symptoms are presented during school hours.

### **Hand Sanitizer:**

Please note, to help keep perfume/fragrance type allergies or sensitivities at a minimum, we are asking parents NOT to send personal bottles of hand sanitizer with their child at this time. The school will have sanitizing stations in all areas of the school.
