D: Administrators' Message

This plan is the result of teachers, parents, support staff and administrators working collaboratively. Our goals are to enrich the lives of the children in our care, emotionally, socially, academically and religiously.

St. Paul Elementary School strives to provide its students with high quality Catholic education. We offer a variety of programs designed to meet the unique learning needs of our students: Intensive literacy and numeracy support, English Language Learner support, French as a Second Language, First Nations education and traditions infused into the everyday life of the school.

Programs such as these would not be possible without the hard work and support of our students, parents, parish and staff. To all those who make a difference in the lives of our children, we say thank you. Thank you for all your hard work, creativity, and enthusiasm for learning.
