26 	27 Disney Day	28	29	30 		

The month of April we are Exploring and Discovering. We will look at maps, globes and learn about digging for dinosaur bones. We will learn about ocean exploration and things that live in water or on land and in the air. As always, we love messy play and may get our clothes dirty or wet so please make sure your child has a change of clothes at school. We go outside almost everyday, so children need to wear clothes and footwear for outside play.
